

ZombUni

an HTML/CSS TeamWork in SoftUni

ZombUni

an HTML/CSS TeamWork in SoftUni

This is a web site made to ridicule Softuni.bg

The idea is that SoftUni trains programmers so hard, that they become zombie-like creatures. Absolute monsters with low to none social and communication skills, but with massive brain capability for writing code.

Team "Caribbean green"

Rosen Krumov

Iliya Bakardzhiev

Metodi Shopov

Alexander Vekua

Futures

- Slider
- Contacting form
- Supports all browsers
- Valid and high-quality HTML and CSS
- Responsive design
